

{o'} TEAM O'NEILL PROJECTS

The ideal instrument in any project manager's toolbox

OUR PROCESS

- ▶ **Our process is based on continuous and transparent communication.**
- ▶ Engagement – we provide the client a tailored questionnaire to discover the fundamental purpose and details of the project.
- ▶ Collaboration – we leverage Microsoft Teams services with Agile techniques to securely and actively communicate each project task's status.
- ▶ Fulfillment – we explicitly meet each project milestone on time.

OUR TEAM

- ▶ **Our team is responsive to clients globally.**
- ▶ Technical – specialized expertise in data integration, modeling and analysis reveal your organization's complexities.
- ▶ Dedicated – comprehensive Agile project management, business analysis and software development experience keeps projects on track.
- ▶ Enthusiastic - secure web-based collaboration tools ensure responsive communication around the clock with any client's geographic configuration.
- ▶ Ready - tell us about your project: contact@teamoneill.org
